**We exist so you can change the world.**

## What Is Loop?

Loop Phone Booths are private soundproof pods designed for increasingly open work environments and a world that is on the go. At Loop we help you navigate your space, anticipating your needs and providing locations for private calls, small meetings, and quiet concentration. Elevate your office with an adaptable and customizable Loop Phone Booth and experience the superior quality and function of products designed to help you tell your story, wherever it leads you.

#### **Why Loop?**

##### **Fully Customizable**

Loop products are crafted to suit you! Choose from a variety of exterior and interior finishes to perfectly match your space and your personality.

##### **Made In North America**

We stand behind our quality and product performance. We know the story behind each booth—from the craft-persons who build it using quality materials and finishes through to delivery with the client.

##### **Designed to Adapt**

Loop products are designed to fit through all standard doors and elevators for convenient installation so that they can move with you and your business.

Our Products

### Loop Solo

The Loop Solo is a stylish plug and play privacy solution providing an individual space away from distractions. Carefully considered design blends acoustic dampening qualities with a durable and easily maintained product for an attractive and effective tool to improve office efficiency and satisfaction in public spaces. Make the Loop Solo your own through an extensive selection of customizable finishes—we will also work with you to add that extra degree of privacy or company style through personalized frosted vinyl.

#### Booth Dimensions

Height 80.5 in    Width 47.5 in    Depth 29.5 in

#### Loop Solo

Shown in Customizable Finishes.  
White Oak exterior,  
Just Rose interior laminate,  
Krill cloth upholstery,  
glass back panel,  
Custom frosted vinyl on front and rear glass.

## Loop Cube

The Loop Cube was crafted to be a comfortably intimate location for one to four, providing the perfect space for informal meetings, interviews, brainstorming sessions, conference calls and other co-working tasks. With the Cube's spacious interior and acoustic dampening qualities you make the most of your office environment without aesthetic or functional compromise. Personalize your meeting space through our extensive selection of customizable finishes or go ahead and add that extra touch of privacy and style through personalized frosted vinyl.

### Booth Dimensions

Height 80.5 in    Width 85 in    Depth 46.5 in

### Loop Cube

felt back panel.

#### Loop Solo QS

Limited Finishes.  
Birch exterior face and back,  
Brite White exterior laminate sides,  
PET felt and Fog laminate interior,  
Ice cloth upholstery.

#### Our Products

#### Loop QS

The Loop Solo QS and Loop Cube QS join the aesthetics and quality performance of the Loop Solo and Loop Cube with a fixed selection of finishes. The neutral grey interior is paired with warm hardwood front and back faces and white or black laminate exterior sides making this booth feel at home in any environment. Less customization means a lower price tag without sacrificing quality.
